DISCLOSURE: The Fast Track program has been designed specifically for students who need an opportunity to earn a high school proficiency diploma for private sector jobs that require proof of high school proficiency, or, students who desire an opportunity to obtain a high school proficiency diploma for self-improvement and/or personal satisfaction. Our program is not designed for college admissions, military enlistment, or for government/public sector employment. Please be advised that the Fast Track program is **not** a college-prep program that prepares students for the admissions requirements of a college/university/trade school and is **not** a high school completion program that prepares students for educational enlistment requirements of the U.S. Military. The Fast Track program and this diploma may not be accepted by all educational institutions or employers as evidence of a high school education or diploma. "The Fast Track program and this diploma are **not** high school equivalencies and may not be accepted as evidence of a high school education or diploma by all colleges or employers. Students should check with any potential college or employer as to its specific criteria. This diploma is not accepted as evidence of a high school education or diploma by any branch of the United States Military."

Please be advised that the decision to recognize or accept Southeastern High School's high school proficiency diploma or any other diploma that you have earned is always the prerogative of the receiving institution in the United States. The decision to recognize or accept a diploma credential is usually based on the admissions requirements of the college or the employment policy of the employer. Southeastern High School makes no representation that the Fast Track program and this diploma will be recognized or accepted by all colleges or employers or that you will be guaranteed a job after graduating from Southeastern High School. Southeastern High School makes no representation of any kind concerning the fitness of its curriculum to meet any legal, educational, certification, licensing, or employment requirements.

Southeastern High School is accredited by the National Association for the Legal Support of Alternative Schools (N.A.L.S.A.S.). The National Association for the Legal Support of Alternative Schools is not recognized by the United States Department of Education and/or the Florida Department of Education. Note: The U.S. Department of Education does not have the authority to accredit private or public elementary or secondary schools, and the Department does not recognize accrediting bodies for the accreditation of private or public elementary and secondary schools. However, the U.S. Department of Education does recognize accrediting bodies for the accreditation of institutions of higher (postsecondary) education. If an accrediting body which is recognized by the Department for higher education also accredits elementary and secondary schools, the Department's recognition applies ONLY to the agency's accreditation of postsecondary institutions. The National Association for the Legal Support of Alternative Schools ONLY provides accreditation to private alternative schools at the K-12 level and the U.S. Department of Education does not recognize accrediting bodies for the accreditation of private or public elementary and secondary schools at the K-12 level. The Florida Department of Education does not accredit, regulate, approve, or license private schools. Additionally, the Florida Department of Education does not officially recognize any of the various agencies that accredit private schools. The acceptance of diplomas from private schools will be subject to the requirements of the receiving educational institution or employer. For these reasons, besides ascertaining the accredited status of a school or program, students should take additional measures to determine, prior to enrollment, whether their educational or employment goals will be met through enrollment at Southeastern High School. Those measures should include inquiries to prospective educational institutions or employers.

I HAVE READ, UNDERSTAND, AND AGREE TO THE TERMS AND CONDITIONS OF THIS ENROLLMENT APPLICATION. I ALSO UNDERSTAND THAT ONCE I HAVE COMPLETED ALL GRADUATION REQUIREMENTS AND HAVE PAID MY TUITION IN FULL, MY HIGH SCHOOL PROFICIENCY DIPLOMA WILL BE AWARDED TO ME.
