Disclaimer: Students must be at least 16 years of age to enroll. If the student is under the age of 18, a parent or guardian signature of approval is required. Parents of students under the age of 18 are responsible to comply with the Compulsory School Attendance Laws in the state where the student resides. Please be advised that Southeastern High School does not offer a college-prep curriculum that prepares students for college admissions and is not a high school completion program that prepares students for educational enlistment requirements of the U.S. Military. Southeastern High School's Fast Track Program is an accelerated program designed for students who need an opportunity to earn their high school diploma to qualify for a job that requires proof of earning a high school diploma or need an opportunity to earn their high school diploma for self-improvement and/or personal satisfaction. Our Fast Track Program is one test only that provides students with an opportunity to graduate within 4 to 6 weeks. In order to meet the admissions requirements of a college in regards to applying as a high school diploma graduate, you must demonstrate that you have completed "individual courses". These "individual courses" are approximately 28 courses that are typically completed in 4 years. Southeastern High School is accredited by the National Association for the Legal Support of Alternative Schools. Accreditation does not provide automatic acceptance by an institution of credit earned at another institution, nor does it give assurance of acceptance of graduates by employers. For these reasons, besides ascertaining the accredited status of a school or program, students should take additional measures to determine, prior to enrollment, whether their employment goals will be met through enrollment at Southeastern High School. Those measures should include inquiries to prospective employers. You may use Southeastern High School's Diploma to apply for a job that requires proof of earning a high school diploma. However, the decision to recognize or accept the Southeastern High School Diploma or any other high school diploma that you have earned is always the prerogative of the employer in the United States. While many employers have recognized the Southeastern High School Diploma, it is possible that some employers may not. Southeastern High School makes no representation that its high school diploma will be recognized or accepted by ALL employers or that you will be guaranteed a job after graduating from Southeastern High School. Southeastern High School makes no representation of any kind concerning the fitness of its curriculum to meet any legal, educational or employment requirements.

Southeastern High School will consider any student account that is 60 days past due a matter of collections resulting in a $25.00 late fee charged to the account. Returned credit card payments or insufficient funds checks will incur a $20.00 fee that will be added to the tuition balance.

SCHOOL REFUND POLICY: ***30 Day Money-Back Guarantee:***
Southeastern High School will refund your money in full if you are not completely satisfied with your academic program. If for any reason, you wish to cancel after 30 days of enrollment, refund will not be awarded.

I understand and agree to the terms and conditions of this enrollment application. I also understand that once I have completed all graduation requirements and have paid my tuition in full, my high school diploma will be awarded to me.
